## Volunteer Options

DASC is successful thanks in large part to member volunteer participation to support its events and reduce operational costs. For those members who may not be able to volunteer their time, there is an option to choose a \$50 opt out fee instead.

If you are able to volunteer, please identify two (2) areas where you would prefer to volunteer your time among the following options and order them by your first and second preferences (with 1 being your preferred choice):

- Indoor Tournament (December and February)
- Outdoor Tournaments (August, October, May )
- Other — Landscaping, Miscellaneous, etc.

If you are unwilling or unable to volunteer, please check the opt out box below:

- Opt Out — \$50 to be paid with your first registration payment

The money collected from the \$50 opt out fee will be used to compensate additional staff necessary for the Club's tournaments. Any remaining balance will be put towards the scholarship program. Please understand that the Club would prefer volunteer assistance over the opt out fee.

**If none of the above payment plans work for your family, DASC is willing to work out a payment plan that will suit both you and DASC. Please contact Jan at the DASC office to work out a suitable payment plan.**
